Response to Amendment

The reply filed on 1/13/06 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant did not fully respond to the Election/Restriction requirement. The Applicant elected the following invention: a two microphone embodiment with one forward filter, a forward filter gain controller, and the wave parameter estimator disregards amplitude. However, the election requirement in the Office Action of 5/18/05 stated that in the event that the Applicant chooses to elect the wave parameter estimator that does not disregard the amplitude information, Applicant must elect an equation solving method in the wave parameter estimator from 1) direct solving 2) iteration 3) parameter scan 4) solution screen/optimizing for minimal power technique and 5) look-up table containing pre-computed solutions. In addition, Applicant must elect a forward filter which either 1) compares the parameter estimate to a predetermined threshold 2) uses a wave direction parameter estimate or 3) uses a wave damping parameter estimate. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
